THE MESSENGER IS THE MESSAGE

So then first, we read that the Angel of the LORD appeared. He came down to earth for His people. This is the first time He appears in this form, in the midst of a non-consuming bush on fire.

A Ninety Nine Percent Victory

What we have witnessed on Saturday is another miracle showing God's loyalty to His promises for Israel. Iran's strike included 120 ballistic missiles, 170 drones, and 30 cruise missiles.

The Scriptures point to that time when all the nations will eventually surround Jerusalem in the final battle of this dispensation.

Nevertheless, may this last Iranian

These 320 projectiles contained some 65 tons of explosive, however, 99% did not reach Israeli air space. Even though the Israeli army had the help of the US, UK, France with Saudi Arabia and Jordan, this type of statistic is nothing short of wonderful.

Unfortunately, the shrapnel from one of the missiles did hit a young 7-year-old girl from a Bedouin village in the Negev region. At the time of this writing, she underwent surgery for the head wound and remains in the pediatric intensive care unit at Soroka Medical Center in Beersheba. Let us pray for her full recovery.

While we are witnessing this present victory, we must not turn a blind eye to the warnings of what is ahead, the things to come.

attack cause many to seek His presence in the Scriptures and finally see how valid a prophetic book our bible really is. May the world discover the only Savior, Prince of Peace who is the One who will save, as we read in Isaiah 2:4,

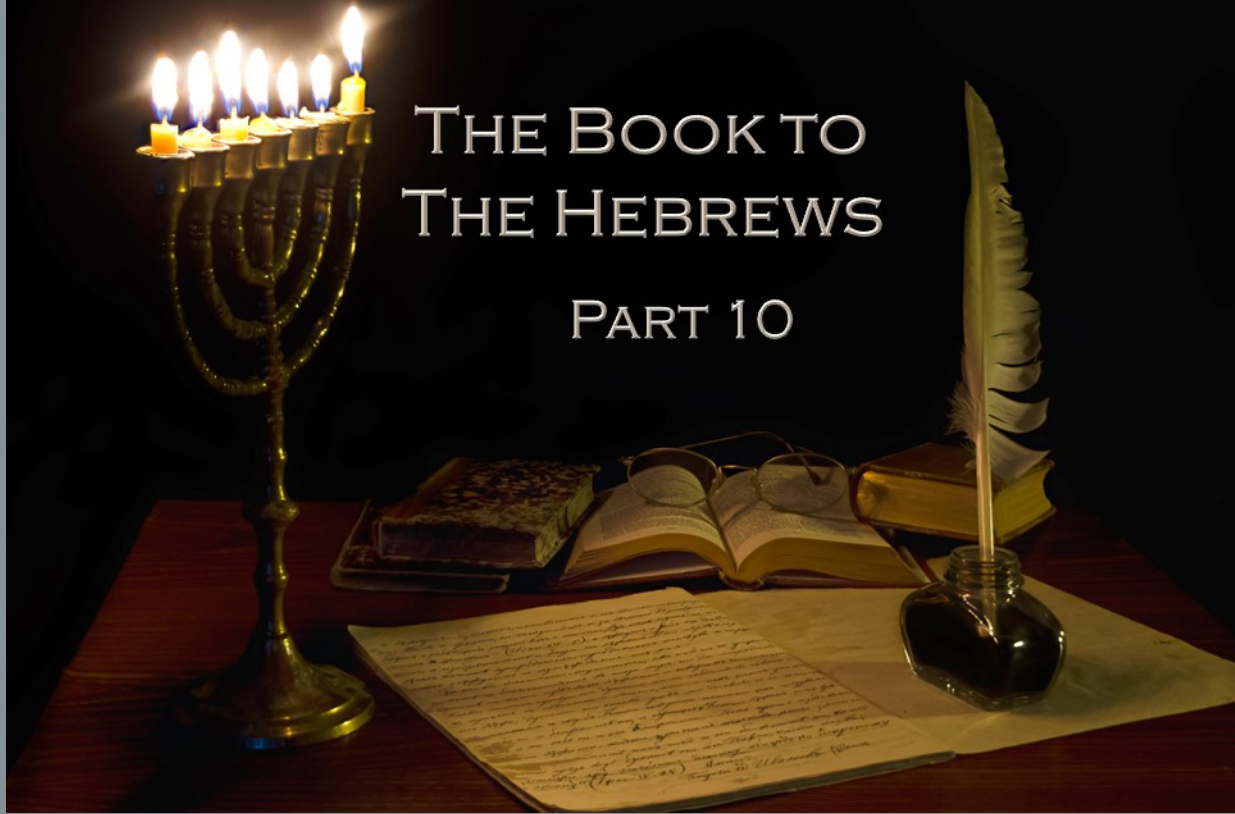

And He will judge between the nations, And will render decisions for many peoples; And they will hammer their swords into plowshares and their spears into pruning hooks. Nation will not lift up sword against nation, And never again will they learn war.

Unfortunately, only the second part of the verse is cited in front of the building of the U.N. in N.Y. The first part is the one speaking of the Savior, Yeshua HaMashiach, *He will judge between the nations and will render decisions for many peoples.* His coming is very soon.

One of the team members at this point asked for forgiveness on behalf of Christians who had blamed the Jews for the Lord's death. Something stirred in the young man's heart and his appearance and demeanor changed...

WHO ELSE WENT TO MOUNT HOREB?

Mount Horeb is a place we meet with God. Who else went there ?

After Elijah had his experience on Mount Carmel where he confronted the prophets of Baal, he walked down right to the Sinai to seek God and plead for Israel. Elijah met the LORD there and was greatly encouraged. Perhaps it was this same place where Paul also went. He spoke of Mount Sinai being in Arabia (Galatians 4:25) and he says in Galatians 1:17 that he went there after his conversion and spent 3 years, surely to study and to know His Lord.

We all have our own *wilderness* and our own *Horeb* and our own *Mount Sinai(s)*. It may be our personal place where we meet with God. Perhaps this is the place where we daily pray. Or it can be that place from where we meet Him in His Word, when we open up our bibles and hear Him calling us back. May our answer be "Hineini...here I am!".
