*Psalm
139:14*

How is it that in this sea of so many laws, suddenly, a case involving a pregnant woman is brought to our attention: it is because it matters much to God. We see that He considers the fetus as a child, for this is how He calls this living entity.

Lest We Forget ...

Please continue to pray for Israel

Please pray for the hostages and their families.

Please continue to pray for the leadership, the IDF and all innocent civilians in and around the Middle East who are deeply affected by the atrocities of war.

Please pray for the salvation of both Jews and Gentiles, that they may see the Word in its purity and the Son in His atonement.

Evil will not end until the Messiah returns, so we pray as well for His soon coming to heal the hate and restore His kingdom.

Peace in Yerushalayim (Jerusalem) means peace for the world
