## JUDAISM'S MYSTICAL UNICORN תהש

EXCERPT FROM LAST SATURDAY'S MESSAGE BY MESSIANIC LEADER J. I. GABIZON

What did this layer look like? It was called *tahash*, describing animal skin, however... we don't know where this skin came from. Ancient rabbis in a Midrash understood it to be a unicorn whose skin was made of six colors...

We want to let you know that our purchase of these pins (and our distribution to you) was directly related to the raising of funds for the rebuilding of **Kibbutz Nahal Oz** which was greatly affected during the Oct. 7th Hamas attack.

**Beth Ariel Congregation (through your support) contributed \$900.00 towards this effort and we would like to share some good news...the start of lives being rebuilt. While we wait and pray for all the hostages to return, plans to rebuild must go on.**

Here is the link where you can find out more about about this particular project (Beth Ariel donated under the name of R. Hassan)

[Link to Nahal Oz Go Fund](#)

We are continuing to support other projects in Israel with the expressed intent to reach Israelis on many levels, spiritually, emotionally as well as for their physical needs.

Would you consider wearing a yellow ribbon on your lapel, on your shirt or your hoodie? Will you allow this pin to publicly represent your stance for the hostages and show the world, that Israel has not been forsaken.

Simply write us at [office@bethariel.ca](mailto:office@bethariel.ca). Please include your name and your mailing address and we will send out the pin, free and postage paid. Let those of us in North America stand strong and let us show Israel how much we care.

# Walk Knock and Talk

There was also a conversation with a man who received the pamphlet who asked why there was so much suffering. One member spoke with him about sin, rebellion against God and how God gives free will to man to make a choice to come to Him or stay in sin. It was a good conversation.
